### Makeup That Won't Melt Off No Matter How Hot it Gets This Season

Elise Minton , Executive Beauty Editor | June 01, 2016

Whether you prefer to don a full face of makeup when you work out or like to have some coverage on your skin when hitting the beach, these 10 formulations promise to stay put no matter how sweaty you may get this summer.

NudeStix Concealer Pencil (\$24)

A multitasker of sorts, this matte concealing stick, which doubles as foundation, offers serious stay-put coverage on everything from pimples and dark spots to under-eye circles and red patches. And, it's loaded with moisturizing ingredients like vitamin E and shea butter so your skin never looks dried out.
