The right bronzer makes all the difference in your beauty regime. If you do it right, you look beautifully bronzed. If you do it wrong, you might just resemble Donald Trump.

Here are our editors picks for the best bronzers for summer and beyond.

Fair to Medium: **Nudestix** Bronzing Pencil

This bronzing pencil has the luminous and matte bronzing shades ideal to color, highlight and contour for that summer sun-kissed sculpted radiance. The all-in-one bronzing pencil is easy to draw and smudge on eyes and face. These fun and sassy summer sculpting pencils provide a quick and easy go nude, but bronzed look for all faces in all places. \$24
