Don't worry if mother nature didn't give you perfect teeth. A great cosmetic dentist can do that for you. Keep reading to find out who made it to our top 4 best cosmetic dentists list.

What Does a Cosmetic Dentist Do?

A cosmetic dentist's work improves your appearance. He/she takes care of things such as the teeth's color, size, shape, and alignment. Dental esthetics cover two main specialties: orthodontics and prosthodontics. Besides these two big areas, there are also other secondary ones like endodontics and periodontics. Procedures such as teeth whitening, reshaping, dental bridges, implants, gum lifts, are all part of a cosmetic dentist's work.
