The Chalkboard | September 19, 2016

A change in weather can wreak havoc on our skin. Whether yours is thirsty, flaky or dull, we're sharing seven incredible beauty products that'll hydrate and heal dry skin stat...

WHAT CAN A clay mask, a moisturizing pencil and "glacial oil" do for your dry skin? Bring it into perfect balance, if you ask us. Even for those who don't usually suffer from dry skin, the change in weather can wreak havoc on skin head to toe. These seven stunning picks from our natural beauty closet promise to hydrate and heal that thirsty skin stat...

Nudestix Moisture Pencil | Genius! Everything **Nudestix** makes comes in (you guessed it!) stick form, but this moisture pencil is their only non-makeup product. It's a rich moisturizing pencil that's easy to throw in a makeup bag on the go to tame a flaky patch or fly away in an instant. The balmy pencil will instantly moisturize and help skin heal – or at least behave for a few hours under a little highlighter.
