

### Everything You Need to Know So You Can Rock Black Lips in 2017

Jessica Ourisman: Jan 23, 2017

Attention, fashionistas! The next generation of the vampy lip trend has arrived. Members of the style-savvy crowd have been taking their sultry lip shades to a new, darker place, rocking ink black pigment on their puckers. From preparatory lip masks and expert-approved cosmetics to inspo from some of our favorite beauty mavens, here's everything you need to get in the know on beauty's latest trend in lips.

#### 4). **Nudestix** Magnetic Luminous Eye Color Pencil (\$24):

Finding a neutral shade to complement your statement lips has never been simpler. These eye color pencils provide a touch of sparkle in your pick of many shades of nude.
