

7 Beauty Brands That Are Releasing Lust-Worthy Valentine's Day Collections

February 1, 2017 | By Taylor Petschl

Valentine's Day: you either love it or hate it. Those of us who are single have to watch our friends get showered in love and presents from their SOs while we secretly stuff our faces with the box of chocolates we bought for ourselves. This year, however, will be different! The makeup world is bringing us more than just Valentine's Day-inspired tutorials—we're getting entire Valentine's Day collections too! The collections are just as pink and heart-shaped as you'd imagine, and they're amazing. I don't know about you, but I'd love to get any of these over a box of chocolates any day!

5. **Nudestix's** New Kiss-Proof Matte Lipsticks

Even though Nudestix's new kiss-proof matte lipsticks aren't necessarily a limited-edition Valentine's Day collection, their new shades had to be included in the round-up since they will be out just in time for the big day! According to *POPSUGAR*, these matte lipsticks are comparable to Kylie Cosmetics' liquid lipsticks, with a slightly smaller price at \$24 per bottle. Looks like we'll have another lipstick to try out for the day dedicated to love!
