similar to a highlighter pen, making for a surprisingly simple application on the eye.

— @nudestix Magnetic Matte Lip Color: The indie brand's preference toward pencil-shaped products (sharpeners included) makes me appreciate the ease and control that writing utensils offer not just on paper but on your face, too.

— @maccosmetics Acrylic Paint + Pro Longwear Paint Pot: The paint goes on like a true acrylic formula and is ideal for long-wear use. Similarly, the paint pots keep their creamy, opaque color all day long.
