## VISEART EYESHADOW PALETTE 01 NEUTRAL MATTE REVIEW & SWATCHES

Olivia Frescura | February 24, 2017

Viseart Neutral Matte Palette on the eyes

I've had so much fun creating various smokey eyes with this palette. For the above look, I focused on using all of the browns with just a touch of the orange. I did highlight using the lighter shades, but they don't show up that light on me since I'm so fair. I paired this look with **NUDESTIX** Magnetic Matte Lip Color in Boho to really match the eyes. This is now my go-to neutral palette- I'm in love!
