Bold brows complete a makeup look, don't they? We all want full eyebrows, but sometimes we just don't have time to do a glam makeup look if we're in a hurry. If you're a busy woman (which we all are!) and want flawless eyebrows every time you leave the house no matter how time-strapped you are, here are the four products you need in your life.

# NUDESTIX

Not only does it come with eyebrow wax and powder for a quick fill in, but it also has a dual ended brow brush and mini tweezer to ensure you will always have the tools to touch up your brows. Toss this in your purse and you're good to go.

Anastasia Beverly Hills Brow Powder Duo: Could Anastasia have made it any easier for us? The duo has two colors which, combined, make the perfect shade to match your eyebrows. Forget all your gels, waxes, and spoolies – all you need is this pocket-sized duo.
