Christmas 2017 Gift Basket & Stocking Stuffer Ideas

By: Kimberly M | December 1, 2017

Whether it be for a personalized DIY gift basket, stocking stuffers or pollyanna small gift ideas, this list has you covered! Xo.

Nudestix .:. **Creator's Palette** /// Six magnetic matte lip pencils designed by beauty creators in unique custom shades. I love the Nudestix formula and their laid back approach to natural-looking everyday beauty. This is awesome to gift it exactly as it is or separated and gifted to multiple people. One lip pencil + a pretty high shine gloss would be a cute duo for any lipstick lover. // <http://www.nudestix.com>
