2002

### FOREHEAD

"Her forehead, brow and eyes are all without wrinkles," observes plastic surgeon Dr. Norman Rowe, "which suggests Botox injections to these areas." Price tag: \$600 per treatment.

### SKIN

Plastic surgeon Dr. Ryan Neinstein thinks Paris' "flawless" skin could be from vampire facials, in which one's own plasma "is used to stimulate more robust collagen." Cost: \$1.3K.

**CHEEKS**

Skin care expert Dr. William Kwan notes that Paris, 36, "still has very good cheek volume, and her cheekbones look higher." He suspects fillers, which cost \$650-\$1.3K.

**JAWLINE**

"The most notable change," says aesthetics specialist Dr. Shawn Abrishamy, "is her softer jaw." He says she may have had Botox or Dysport (\$500-\$900) in the masseter muscle (which is involved in chewing).
